The Shuttle 6.1 Brochure

The Transporter 6.1 Shuttle Iconic. Intelligent. Innovative.

The original. Setting the benchmark in professional passenger transport for over 30 years.

Impressive range of options. Transporter 6.1 Shuttle meets almost any requirement thanks to a wide range of options, including two trim levels, two wheelbases and numerous seating configurations, storage areas and electronic features.

Distinctive design. The redesign features a new colour palette, twin halogen headlights with the LED tail light clusters providing a striking rear light signature.

Proven quality. As you'd expect, the Transporter 6.1 Shuttle is durable, versatile and built to last with a highly stable body, the finest quality materials and exceptional workmanship.

State-of-the-art driver assistance systems. Crosswind Assist¹, Adaptive Cruise Control (ACC) including Front Assist with City Emergency Braking System¹, Driver Alert and Brake Assist¹ are fitted as standard, with the optional Active Lane Assist^{1,2,3} further enhancing safety and responsiveness.

¹ Within the system's thresholds. ² Optional at extra cost. ³ The driver must be prepared to override the assistance system at any time and is responsible to drive the vehicle with caution.

Impressive standard equipment.

All versions include a Composition Colour DAB+ radio system (not shown), interior lighting with LED technology and Climatic semi-automatic air conditioning.

Relaxed chauffeuring.

The ergonomic driver workplace, electromechanical power steering, newly designed dashboard, driver's seat with lumbar support and excellent all-round visibility ensure a relaxed, stress-free driving experience.

Interior well-being.

Comfort is key with folding armrests, excellent noise insulation, LED reading lights, plenty of head and legroom, intelligently arranged controls, solid feel switches and attractive trims.

Perfectly networked.

The Transporter 6.1 Shuttle is available to order with the optional Digital Cockpit¹, which features a high-resolution 10.25 inch display. The vehicle also features the latest touch-screen radio and navigation systems¹ with integrated eSIM and App-Connect, We Connect³ mobile online services and Bluetooth[®], ensuring you stay informed while you travel.

¹ Optional at an extra cost. ³ To use We Connect services, you need a Volkswagen ID user account and must log in to We Connect with your user name and password. A separate We Connect contract or We Connect Plus contract will also need to be made online with Volkswagen AG. For We Connect Plus you have 90 days after the handover of the vehicle to register the vehicle on www.portal.volkswagen-we.com and can use services free during this time.

Image shown is for illustrative purposes only. Vehicles shown are not Irish specification.

Take a seat or make room.

The interior of the Transporter 6.1 Shuttle is ready for nearly every eventuality – from weekend trips to passenger shuttle operation and delivery work. Piles of suitcases?

The double-folding three-seater bench seat creates additional

luggage space in next to no time. The backrests can be folded forward to create a flat surface. Different seating

layouts required? The modular seat attachment system gives a range of options. Lots of items to transport?

The fastening rings in the vehicle floor are perfect for securing cargo.

Create space in three steps:

01 Fold down the backrests. All backrests on the benches and single seats in the passenger compartment can be folded down. This is also possible with the optional passenger double seat bench in the front seat row.

02 Double-fold the seats. The three-seater bench seat in the third seat row can be double folded. This feature can be used to increase the size of the luggage compartment.

03 Remove the seats. All bench seats and seats can be removed without tools. This means the Shuttle is ready for all transport jobs in an instant. The fastening rings in the vehicle floor can be used to secure cargo.

A close-up, driver's perspective view of the interior of a Volkswagen Shuttle 6.1. The steering wheel is black with the VW logo and 'AIRBAG' text. The digital cockpit displays a navigation map. The infotainment screen shows a home screen with various app icons: Telefon, Musik, Karten, Nachrichten, Jetzt läuft, Volkswagen, Podcasts, and Hörbücher. The time 13:35 and LTE signal are visible. A hand is seen on the gear shift.

Closely integrated for the future.

Cars are getting smarter. The Shuttle 6.1 is already equipped with many digital technologies that make driving more comfortable. The Optional high-resolution Digital Cockpit¹ with map display. Or Volkswagen We Connect² featuring multiple services that turn your smartphone into a remote control for the car. And this is just the beginning.

1 Optional at extra cost on the Shuttle 6.1. 2 To use We Connect services, you need a Volkswagen ID user account and must log in to We Connect with your user name and password. A separate We Connect contract or We Connect Plus contract will also need to be made online with Volkswagen AG. For We Connect Plus you have 90 days after the handover of the vehicle to register the vehicle on www.portal.volkswagen-we.com and can use services free during this time.

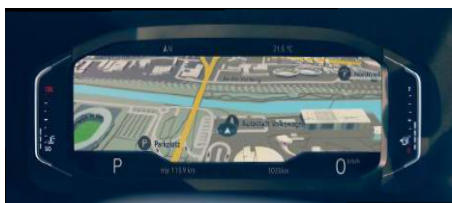

New Digital Cockpit.

You can now experience digital progress up close in the Shuttle 6.1. State-of-the-art infotainment systems and the Digital Cockpit¹ offer many new functions. The latter immediately impresses with its 10.25 inch display, its intense colours as well as its bright and extremely high-contrast imagery. The Digital Cockpit¹ is operated via the touch display of the infotainment system and via the leather trimmed multi-function steering wheel. Use the buttons to conveniently scroll through the playlist in your smartphone media library, select the next call via your contacts list or set the safety distance with Adaptive Cruise Control ACC³.

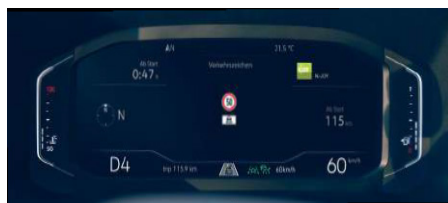

Even more possibilities arise when the Digital Cockpit¹ is combined with the 9.2 inch Discover Pro navigation system². A large second navigation map can then be positioned on the Digital Cockpit¹. In addition, traffic jam information and available parking spaces can be imported via the Internet. An additional benefit: both maps can be zoomed in at different distances. For example, the Digital Cockpit¹ only shows the immediate environment, while you have a large overview on the navigation system.

¹ Optional at extra cost on the Shuttle 6.1 ² Optional at extra cost. ³ Within the system's thresholds.
⁴ Only available in conjunction with the Discover Pro navigation system.

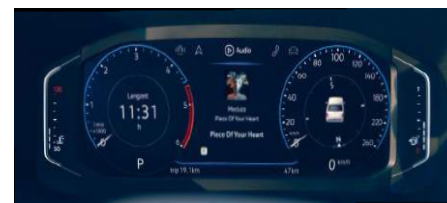

Images shown are for illustrative purposes only. Vehicles shown are not Irish specification.

Audio & Communication.

01 Radio 'Composition Colour'

Fitted as standard on the Trendline & Comfortline, the 'Composition Colour' radio system features a 6.5 inch TFT touch-screen colour display, two USB (type-C) ports, Bluetooth®, SD card slot and four speakers delivering 20 watt output. It also features App-Connect, an integrated eSIM and mobile online services as part of We Connect.

02 Radio 'Composition Media'

The optional 'Composition Media' radio system features a 8-inch TFT touch-screen colour display, four speakers delivering 20 watt output and Navigation system preparation. It also features wired & wireless App-Connect, an integrated eSIM and mobile online services as part of We Connect and We Connect Plus.

03 Navigation System 'Discover Media'

The optional 'Discover Media' satellite navigation system features an 8 inch colour touch-screen with proximity sensor. The system also includes a 32GB media storage, natural voice control, free map updates via the optional internet and mobile online services with Volkswagen We Connect Plus, wireless App-Connect and integrated eSIM.

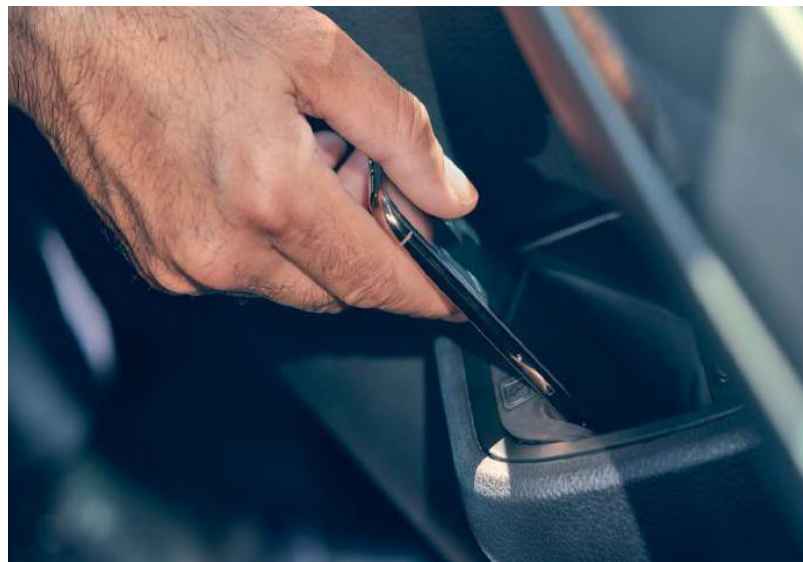

03 Navigation System 'Discover Media Pro'

The optional 'Discover Media Pro' satellite navigation system features an 9.2 inch colour touch-screen with proximity sensor. The system also includes a 32GB media storage, natural voice control, free map updates via the internet and mobile online services with Volkswagen We Connect Plus, wireless App-Connect and integrated eSIM.

We Connect¹ and We Connect Plus^{1,2}

With Volkswagen We Connect¹ driving will now be even more digital, closely integrated and comfortable. A wide range of services gives you quick access to the California 6.1 – conveniently via your smartphone. The heart of the system is the We Connect¹ App. It connects your smartphone to the vehicle with an integrated eSIM card. The standard We Connect¹ package includes various vehicle reports, useful tools for service planning and a breakdown call. Also included: the parking position finder, which guides you directly to the vehicle. You can add many other services with the We Connect Plus^{1,2} package. For example, using your smartphone, the online anti-theft warning system immediately sends a message to the mobile phone in the event of burglary attempts, and thanks to online map updates, the map material is always up to date. To take advantage of these exclusive services, you can register today with the We Connect¹ Portal. Once your vehicle has been activated, you can access the full range of Mobile Online Services.

We Connect¹

- Breakdown call
- Information call
- Parking Position
- Automatic Accident Notification
- Vehicle status
- Doors & Lights
- Vehicle Health Report
- Driving Data
- Service Scheduling

We Connect Plus^{1,2}

- Online Traffic Information⁷
- Online POI search
- Online Map Update
- Online Voice Control
- Media Streaming⁶
- Area Alert
- Online anti-theft warning system³
- Lock & Unlock⁴
- Speed Alert
- Horn & Turn Signals
- Online Route Calculation
- Filling Stations
- Parking Spaces

¹ To use We Connect services, you need a Volkswagen ID user account and must log in to We Connect with your user name and password. A separate We Connect contract or We Connect Plus contract will also need to be made online with Volkswagen AG. For We Connect Plus you have 90 days after the handover of the vehicle to register the vehicle on www.portal.volkswagen-we.com and can use services free during this time. ² Free of charge for the first year when you order Composition Colour or Discover Media navigation system. There is an extra charge in the event of renewal once the free period has expired. ³ Only in combination with the anti theft alarm system. Standard on Highline models, optional on Startline models. ⁴ The Lock & Unlock service is a security feature and requires a prior identity check by means of the Volkswagen ID procedure. This involves your identity being checked by a Volkswagen dealer or via video chat. ⁵ Available from April 2020. ⁶ Only available in conjunction with the Discover Media navigation system and Streaming & Internet package. Optional at extra cost. The scope of services of We Connect and We Connect Plus may vary and can be used at a later date. ⁷ Only in conjunction with the Discover Media navigation systems. Optional at extra cost.

Park Assist **NEW**

Park Assist aids positioning into parking spaces. When reverse is engaged, the vehicle assumes control of the steering. All that's required of the driver is to operate the pedals, whilst keeping a good lookout.

Side protection. **NEW**

As part of Park Assist, Side protection monitors the vehicle's sides and alerts you with visual and audible warnings if you're getting too close to other vehicles, pillars, walls or pedestrians.

Crosswind Assist. **NEW**

As part of the standard Electronic Stabilisation Programme (ESP), Crosswind Assist applies adaptive braking intervention when the vehicle Driving the Transporter 6.1 offers high levels of safety encounters a strong crosswind.

Intelligent driver assistants
give you peace of mind.

Adaptive Cruise Control (ACC)

Optional on all trims. Adaptive Cruise Control uses a front radar to measure the distance (up to 120 metres) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance. ACC also includes the Front Assist with City Emergency Braking System. This detects critical distances, warns of hazardous situations and when necessary, a speed of up to 18mph triggers emergency braking.

Traffic Sign Recognition. **NEW**

Detects road signs and informs the driver. Optionally available in combination with the Discover Media navigation system.

Active Lane Assist. **NEW**

Active Lane Assist countersteers the vehicle if the driver unintentionally drifts from a lane. The system also emits audible and visual warnings via the multi-function display to alert the driver of danger.

Rear Traffic Alert. **NEW**

As part of Active Lane Assist, Rear Traffic Alert helps by emitting an audible warning when reversing out of a parking space if another vehicle is approaching. If the driver fails to respond, the system intervenes and applies braking to help avoid a collision.

Tyre pressure monitoring system.

Displays the current pressure for every tyre and warns of deviations from the set pressure.

Disclaimer

From 1st January 2021, vehicle taxation including: Vehicle Road Tax and Vehicle Registration Tax (VRT) is calculated using data from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Reported fuel consumption and emission data as well as driving range data may not correlate with real world driving conditions.

Prices above are based on standard factory specifications. The addition of optional extras may increase the WLTP value of an individual unit, thus increasing the recommended retail price under the 2021 vehicle registration tax calculations which have been determined by the Irish Department of Finance.

Please contact your local authorised Volkswagen Commercial Vehicles dealer for further information on pricing.
